

This diagram shows an exploded perspective view of a mechanical assembly. The components are labeled with numbers: 1, 10, 12, 14, 18, 20, 22, 23, 24, 34, 42, 50, 60, 70, and 72. The assembly includes a main housing (10) with a central cavity (42), a long shaft (12) with a threaded end (34), and various internal components like gears (24), a lever (60), and a spring (50). The assembly is shown in a disassembled state to illustrate the relationship between the parts.

Fig. 73 is a perspective view of the front of the device. It shows the front panel 70 and the front door 72. The front door 72 is hinged to the front panel 70 and is shown in a partially open position. The front panel 70 has a rectangular shape with a central opening for the front door 72. The front door 72 has a handle and a locking mechanism. The front panel 70 is connected to the rear panel 74 by a hinge mechanism. The front panel 70 is also connected to the side panels 76 and 78 by a hinge mechanism. The front panel 70 is also connected to the top panel 80 by a hinge mechanism. The front panel 70 is also connected to the bottom panel 82 by a hinge mechanism. The front panel 70 is also connected to the rear panel 74 by a hinge mechanism. The front panel 70 is also connected to the side panels 76 and 78 by a hinge mechanism. The front panel 70 is also connected to the top panel 80 by a hinge mechanism. The front panel 70 is also connected to the bottom panel 82 by a hinge mechanism.
